MAKES IT EASIER FOR SENIOR CITIZENS TO GET NEW GLASSES

Although the liberalized pension law makes it possible for many more senior citizens to enjoy improved vision without cost, the necessary formalities are sometimes confusing. Dr. J. M. Soss, optometrist in the Harbor area for 32 years, points out that filling out forms, contacting the social worker, etc., may be avoided entirely by pensioners if they will simply bring the name of their social worker to his convenient, ground floor offices at 1268 Sartori Ave. Dr. Soss states his offices are always available without obligation to pensioners

who desire friendly, efficient help in determining their eligibility for glasses and in completing the necessary records. Comfortable, private facilities are provided and arrangements can be completed in the shortest possible time. No appointment is necessary and Dr. Soss' offices at 1268 Sartori Ave. are open Friday evenings and all day Saturdays. Dr. Soss' optical services are complete, including the grinding of lenses in his own modern laboratories. Phone FA 8-6602. Offices also in Wilmington.

Navy Offering College Education, Commission to High School Grads

Navy recruiters today announced that now, more than at any time before, applicants with only a high-school education are able to obtain a free four-year college course.

"Under this program," said Chief F. W. Chabot, navy recruiter at the Gardena office, "the successful applicant also gets paid his navy pay plus tuition and other expenses while going to college. This program is called the Enlisted Scientific Education Program. After college he is commissioned an ensign and serves four years."

For high-school graduates un-

able to obtain an appointment to the Naval Academy, this program is a substitute. It is being conducted in 20 universities, such as Massachusetts Institute of Technology, Penn State, and Vanderbilt.

The recruiting office is at 16422 S. Vermont Ave., Gardena.

DEMOCRATS HEAR TAX AUTHORITY

Torrance Democrats at their January meeting heard Dean Virden, local tax authority, enumerate unusual features of tax laws.

Convinced that legislation to correct inequities will be hotly debated in the current Congress, the Torrance Democrats were tutored in the details.

A resolution was passed at the conclusion of the meeting commending Councilman Victor E. Benstead on his current term and urging him to run again.
